Why use wikis?

<http://www.commoncraft.com/video-wikis-plain-english>

- **User Account:** Your identity on Wikispaces, consisting of username, password, and e-mail address
- **Space:** A wiki on which you can collaborate
- **Page:** Each space can consist of multiple pages

Wiki Terms

Wikispaces has different permissions settings for your space

- **Public:** Anyone can view or edit your Wikispace
- **Protected:** Anyone can view your space but only members can edit
- **Private:** Only members can view or edit your space

The screenshot shows the Wikispaces interface for a space named 'example-space'. The user 'sarahcove' is logged in, with links for 'My Account', 'Help', and 'Sign Out'. The 'wikispaces' logo is in the top right. The main heading is 'Members and Permissions'. On the left, there's a sidebar with 'Actions' (New Page, Recent Changes, Manage Space) and 'Navigation' (Home, edit navigation). The main content area is titled 'Space Permissions' and contains a table with two columns: 'Level' and 'Description'. The table lists three permission levels: Public, Protected, and Private. The 'Private' level is highlighted in yellow. An 'Update' button is at the bottom right of the table.

Level	Description
Public	Everyone - including anonymous visitors - can view and edit pages
Protected	Everyone can view pages, only members of this space can edit pages
Private	Only members of this space can view and edit pages

Educator FAQs

- **I am already using Wikispaces and am a K-12 teacher. Can I take advantage of the free Plus space offer?**
 - Just email us at help@wikispaces.com and tell us the names of the spaces you need us to convert and mention that you're using those spaces exclusively for K-12 (primary and secondary) education.
 - If you want to create more K-12 spaces, you can do so here:
 - ✧ <http://www.wikispaces.com/site/for/teachers>

Registering Students

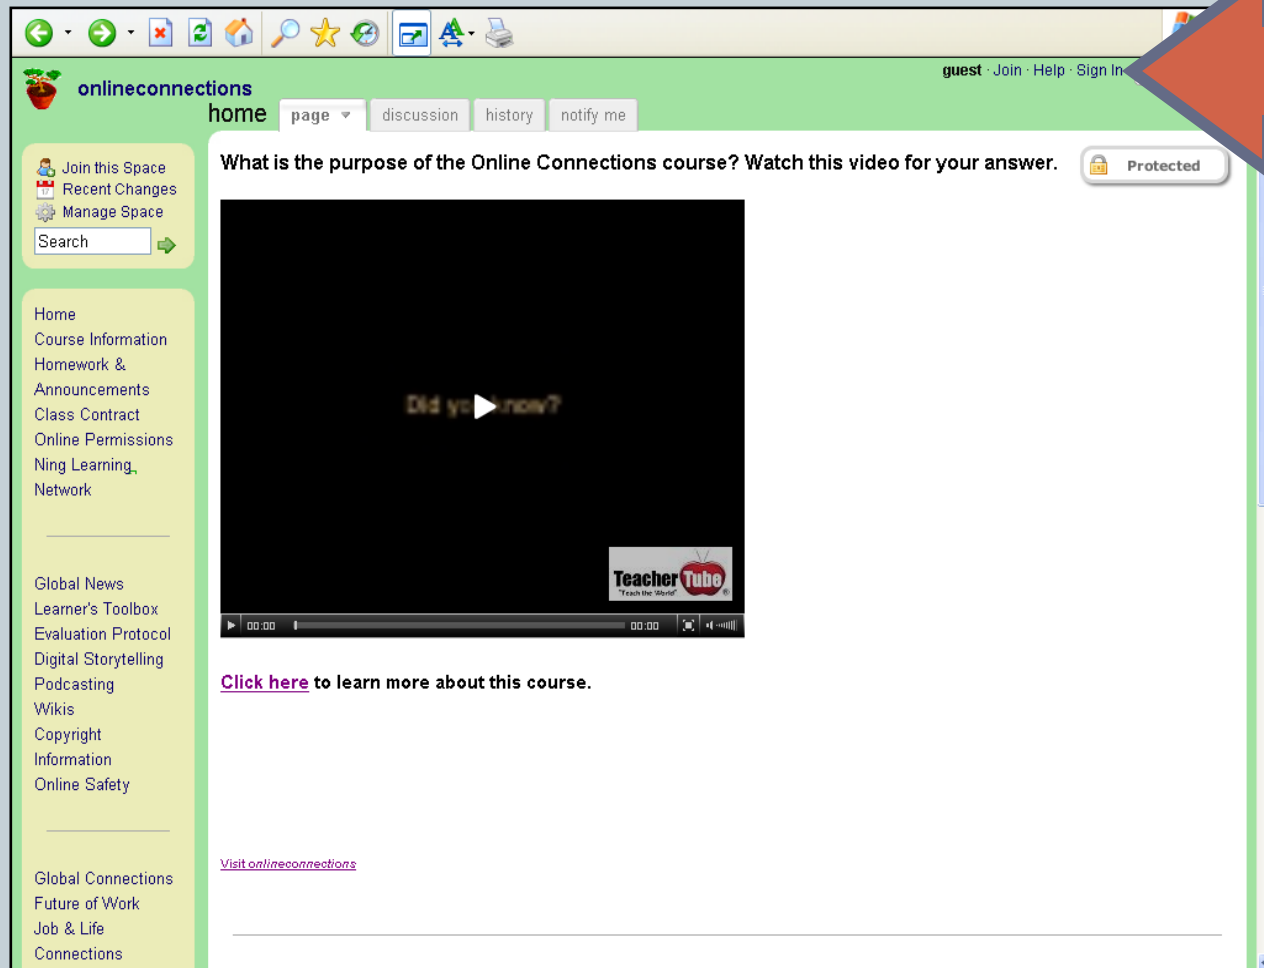

- **Is there an easy way to create accounts for all of my students?**
 - Sure - if you don't want your students to have to create accounts themselves, just email help@wikispaces.com with a list of usernames, email addresses (if you have them - if you don't just leave them out), and passwords in the following format and we'll create the accounts for you.
 - ✦ user1,email1@address.com,password1
- **Length of Usernames and Passwords**
 - Please make sure that usernames are at least 3 characters long (we allow letters, numbers, underscores _, or dashes -) and that passwords are at least 6 characters long.
- **Which Space?**
 - Finally, make sure to let us know which spaces we should add them to as members.

The Editing Toolbar Will Appear

The screenshot shows the Wikiworkshop editor interface. At the top, there is a navigation bar with a star icon and the text "wikiworkshop", followed by tabs for "page", "discussion", "history", and "notify me". Below this is an "Editor" toolbar containing various icons for text formatting (bold, italic, underline, color), a font size dropdown set to "Normal", list creation, indentation, and media insertion. To the right of the toolbar are buttons for "Text Editor", "Preview", "Save", and "Cancel". The main content area contains a paragraph of text, a section titled "Wiki Presentation" with a "media" placeholder, and another section titled "What is Web 2.0?" with a bullet point linking to "Atomic Learning tutorials".

Math Formulas

- LaTeX support allows you to include mathematical formulas in your Wikispaces.
- Wrap your LaTeX formula in `[[math]]` tags, and you can generate a formula like this:

$$\tilde{f}(\omega) = \int_{-\infty}^{\infty} f(t) e^{-i\omega t} dt$$

- For a comprehensive listing of LaTeX math symbols, visit
 - <http://snipurl.com/21psr>

Explaining and Tagging Page Edits

- When you edit a page, you should complete the following two items (located on the bottom of your edit screen)
 - Note: short sentence or phrase to summarize what and why you edited the page (e.g. corrected spelling, inserted rubric, uploaded group product, etc.)
 - Tags: several keywords that indicate the nature/topic of your edits (e.g. Teaching Tools, Class Contract, Podcast, etc.)

Optional: a note about this edit for the page history log

Optional: tags for this page, separated by commas

1. What is changing about the workplace in America?

The work place is changing from globalization and new technology.

2. What type of people will continue to be employed? What characteristics will they have?

People who will continue to be employed are people such as managers, workers, and people good with technology. The people will have to be able to work with the future holds.

3. What do you find most interesting that was discussed?

I find the fact that the workplace is undrgoing such globalization very interesting.

4. Are you personally optimistic or pessimistic about future employment opportunities for you and why?

I am optimistic about the future workplace because it will allow for many new oppurtunities. It gives a new feel to the workplace. For the people who aren't good for them, but in the long run I think it will be beneficial.

1. Work can be broken into smaller tasks. Other people can do those jobs all around the world, so, therefore, there is a virtual workplace.

2. They are looking for people who can work with computers and other people that they may never meet in person.

3. Most future jobs can be done without even leaving home.

4. I am optimistic of the future because if people can do work without even leaving home, they will have more time to sleep, and do more things you want to do.

Look and Feel

You can change your wiki's theme, color scheme, stylesheet, and logo.

If you want to edit your wiki stylesheet, visit <http://www.tizag.com/cssT/> to learn more about CSS.

Theme

Themes let you change the overall look of your wikispace to meet your needs. You can choose from several pre-made themes, or build and apply your own.

Your current theme is **Bubble**. [Change or make a new theme](#)

Colors

When using a pre-made theme, you may also choose custom colors for the space background, menus and highlights, text, and links. These colors apply to the area that wraps the main page content. To change colors, pick a color from the color wheel, or enter a six-letter HTML color (e.g. 000000 is black, FFFFFFFF is white).

Wiki Stylesheet

Your wiki stylesheet controls the presentation of your page content, the portion of the wiki page you can edit. You may change most aspects of how your pages look using CSS. This feature requires knowledge of CSS stylesheets.

[Edit your wiki stylesheet](#)

Logo

In most themes, your logo is shown in the top left corner. You may upload a new logo in GIF, JPEG, or PNG format. The logo must be 150x150 pixels or smaller. Click 'Browse' below to locate the image on your computer that you'd like to upload, and then click 'Save'.

SSL Settings

SSL (Secure Sockets Layer) allows secure communication between the Wikispaces server and a web browser. While Wikispaces automatically protects sensitive information, such as passwords, with SSL, setting this option will transfer all information in SSL. SSL is not available when using a custom domain name.

☐ Force web browsers into SSL so that all pages are transmitted securely.
